

Corrigenda

Y. Nomura *et al.*, Stochasticity in the Josephson map [*J. Plasma Phys.* **56** (3), 493–506 (1996)]

The third author's name should be A. T. Filippov. We apologise for this error.

S. Li *et al.*, Inverse cascades of angular momentum [*J. Plasma Phys.* **56** (3), 615–639 (1996)]

In Fig. 4 on p. 626, the upper figure shows the modal angular momenta $L(0, n)$ as functions of time, while the lower figure shows the (positive-definite) modal kinetic energies $E(m, n)$ as functions of time. Also, the upper figure should be labelled '(a)' and the lower one '(b)', in order to agree with the figure caption.
