## The Origin of Tragedy

With special reference to the Greek tragedians. By WILLIAM RIDGEWAY, Sc.D., F.B.A.

Demy 8vo  
6s 6d net

The author having long been dissatisfied with the theory of the origin of tragedy universally accepted has here tried to obtain the true solution of the problem by approaching it from the anthropological standpoint; and, in his opening chapter, shows tragedy to be the lineal descendant of the tragic dance and solemn hymn round the tomb of the old hero. Subsequent chapters deal with *The Rise of Attic Tragedy*, *Primitive Dramas among Asiatic Peoples*, *Survivals of the Primitive Type in extant Greek Tragedies*, and *The Expansion of Tragedy*.

## Modern Greek Folklore and Ancient Greek Religion

A Study in Survivals. By JOHN CUTHBERT LAWSON, M.A.

"Mr. Lawson conceived the idea that the folklore of the Greek peasant of to-day might cast some light upon the popular beliefs and customs of ancient Hellas, which the Greek writers, writing for a cultured audience, have necessarily touched upon but lightly. . . . We congratulate Mr. Lawson on having made one of the most original contributions to Greek scholarship which have appeared for many days."—*Spectator*

Professor of Poetry in the University of Oxford.

## THE WORLD OF HOMER.

By ANDREW LANG.

8vo, 6/6 net. (*Inland Postage 5d.*)

*In "The World of Homer" the author tries to prove that the whole picture of Society which the poet presents is an accurate delineation of a single prehistoric period. That period appears to have existed at the close of "Late Minoan III," and to have been followed by the Dark Ages of Hellas; while to these succeeded the proto-historic age of Greece and the Greek Settlement in Asia.*
