Series B — Applied Mathematics

Volume 23 Part 1
JULY 1981

The gliding motion of a bacterium: *Flexibacter* strain *BH*3
R. W. O'Brien 2

Stiff systems of ordinary differential equations. Part 1. Completely stiff, homogeneous systems
J. J. Mahony and J. J. Shepherd 17

On representations of a generalized method of field quantization
R. Kleeman 52

Exact solution of a difference approximation to Duffing's equation
Renfrey B. Potts 64

Equations for periodic solutions of a logistic difference equation
A. Brown 78

The response to a hot spot in a combustion problem
K. K. Tam and M. T. Kiang 95

Effects of iron on a toroidal conductor
James Caldwell 103

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appears in two series, Series A (Pure Mathematics and Statistics) and Series B (Applied Mathematics). Information about Series A may be found on the inside back cover.

SERIES B APPLIED MATHEMATICS

This series is published in volumes, comprising four parts, starting with Volume 19 Part I in 1975. From 1980, four parts are published annually. Subscriptions may be arranged through the Business Manager (see inside back cover). The annual cost for 1981 is A$60.

It is the editorial policy of Series B to accept papers in any field of applied mathematics and related mathematical sciences. Novel applications of mathematics in real situations are welcomed. Authors are encouraged to write an introduction accessible to the whole applied mathematical community. Every effort will be made to publish suitable material with a minimum of delay.

Editor of the Journal, Series B

I. H. SLOAN, School of Mathematics, University of New South Wales, Kensington, NSW 2033 Australia.

Associate Editors

B. D. O. ANDERSON,
Department of Electrical Engineering,
University of Newcastle,
Newcastle, NSW 2308

B.-S. GOH,
Department of Mathematics,
University of W.A.,
Nedlands, WA 6009

J. IMBERGER,
Department of Civil Engineering
University of W.A.,
Nedlands, WA 6009

W. E. SMITH,
School of Mathematics,
University of N.S.W.,
Kensington,
NSW 2033

V. T. BUCHWALD,
School of Mathematics,
University of N.S.W.,
Kensington,
NSW 2033

V. G. HART,
Department of Mathematics,
University of Queensland,
St. Lucia, Qld 4067

M. R. OSBORNE,
Department of Statistics, IAS,
Australian National University,
Canberra, ACT 2600

C. J. THOMPSON,
Department of Mathematics,
University of Melbourne,
Parkville, Vic. 3052

B. DAVIES,
Department of Theoretic Physics,
Australian National University,
Canberra, ACT 2600

C. A. HURST,
Department of Mathematical Physics,
University of Adelaide,
Adelaide, SA 5000

R. B. POTTS,
Department of Applied Mathematics,
University of Adelaide,
Adelaide, SA 5001

Assistant Editors

N. G. BARTON, D. E. MACKENZIE, School of Mathematics, University of New South Wales, Kensington, NSW 2033 Australia.

Manuscripts (two copies) for publication should be sent to the editor or to an appropriate associate editor at the address given above. Such action is a representation by the author that the manuscript has not been copyrighted or published, and that it is not being considered for publication elsewhere.

Authors are asked to read the section "Preparation of Manuscripts" on the outside cover.

Irrespective of the number of authors, 100 free offprints of each paper are provided; additional offprints may be ordered at the expense of the authors.

Excessive costs incurred by the Society through corrections to or withdrawal of articles may be charged to the authors concerned.

Journal of the Australian Mathematical Society, Series B—Applied Mathematics is published quarterly by the Australian Mathematical Society, Department of Mathematics, University of Queensland, St. Lucia, Qld 4067, Australia. Application to mail at second class postage rates is pending at Ann Arbor, Michigan 48106. Postmaster: Send address change notices to Professor V. G. Hart, Journal of the Australian Mathematical Society, Department of Mathematics, University of Queensland, St. Lucia, Qld 4067, Australia.
