

# Current Awareness

Compiled by Katherine Read and John Greenhead at the Institute of Advanced Legal Studies

## Gillian Sands

Gillian Sands was responsible for producing the Current Awareness column from August 2002 until November 2004, shortly before she was due to leave IALS. When I agreed to take over, she was able to give very clear guidance concerning the best way to approach the task. Throughout her time at IALS, Gillian was a very enjoyable person to work with and she made a very positive contribution to the Academic Services section. [Katherine Read]

This *Current Awareness* column, and previous *Current Awareness* columns, are fully searchable in the *caLIM* database (Current Awareness for Legal Information Managers). The *caLIM* database is available on the Institute of Advanced Legal Studies website at: <http://ials.sas.ac.uk/library/caware/caware.htm>

## Sam Weston Smith

It has been pointed out to us that we may have inadvertently done Sam an injustice in the Summer issue's Editorial. The Editorial Board would like to make it clear that it was with great reluctance that Sam decided not to return to work or continue with the Current Awareness Column, but her family circumstances meant that she was unable to return. Sam is now the proud mother of Isla, who apparently is already displaying an interest in books. Another librarian in the making perhaps!
