Rationale

Please provide a justification for the proposed symposium addressing topicality, significance, and likely impact

Audience

Please describe the target audience, with specific reference to *International Theory's* fields of interest (IR theory, legal theory, normative theory)

Further considerations

What efforts have you made to ensure a diversity of voices and perspectives?

By what date do you anticipate delivering a complete package?

Please address any other issues that you believe may be relevant to determining the suitability of this symposium for *International Theory*
